“ Even in 3rd grade she had leadership qualities beyond her years. I am Cynthia Butler she said, and shook my hand like a diplomat. Her smile lit up our classroom. Always organized, she approached projects with boundless energy, expressive ideas and decisive thoughts. Her gait may have slowed but her determination, perseverance and optimistic outlook never waivered. We lost touch over the years. People do but her presence rests in my heart and memory. Now she is at peace, with God and wrapped in angel wings. Take flight, and be well my friend.
