Obituary

"Dakotaa Alaiya, from the moment I conceived you I was so attached! Carrying you was such a difficult time because I was so alone, but nothing could take away the happiness I felt from having a new baby girl. You were such a special baby girl, everybody that met you fell in love with you big pretty smile, those big pretty eyes, & how cute you were always sucking that thumb. Nothing could separate me from you, not even death you are FOREVER WITH ME .

I promise to always keep your name alive and always remember you, this is the hardest thing I've ever had to come to terms with but I know it is better to accept Gods will than to be bitter because of the pain I feel. Mommy promises to keep pushing and keep going FOR YOUR NAMES SAKE ! Rest in heaven beautiful you will truly forever be missed"

Graveside Services will be held at 2pm on Friday, January 29th in Blue Ridge Lawn Cemetery. Visitation 1pm.
