Ms. Dottie was a friend to many at Rainbow Mennonite Church when she and Pablo lived nearby in KCK. We hold fond memories, and will have a service in our Rainbow Remembrance Garden to honor her memory and place a memory brick next to Pablo there. Date to be determined.

“ *Dottie and I went to school together. Our birthdays were just two days apart and we were very close calling each other sister. After she moved from 23rd Street we were separated for years . I tried to stay in touch with her and I called but she never returned my calls after she moved to the westside. I prayed for her a lot because I knew she was going through some things. I pray her soul is resting in heaven with Pablo. She will be missed.*
