“ To the Robinson Family I would like to take this to me to express my personal condolences to the Robinson Family and friends. Our thoughts and prayers are with everyone during this hour of great sadness. As difficult times as these may be, the hour of brightness is just around the corner. For a moment please let me explain what was meant by this statement. It is clear that we have lost another member of the earthly family. And we have an understanding that we have been losing family members and friends for a long period of time. No not by the Creator's design, but because of man's rebellion against God. Despite that fall, God has never turned His back upon the earthly family, and had put into motion His purpose to redeem mankind from sin and death. (Romans 5:6-8) So what meaning does this text have for us today who are grieving over the lost of a love one or friend? The text helps us to see that God has put into motion an arrangement that will soon bring wonderful blessing to ourselves, and to those who have died. This arrangement is the Good News that Jesus preached about. Yes reading the sacred writing truly provides true comfort to all of our grieving hearts. In brief, this is what God wants us to know about, especially in connection with those who have died. From the scriptures God tells us that He would soon rid the earth of all sicknesses and death. (Revelation 21:3-4) Can you envision this wonderful arrangement to take place. God has even promise to reverse the aging process, so that we become young again; yes sound in mind and body. However there is another promise that God want to take to heart. It is a promise regarding the restoring of life back to those who have died. Again directing your attention to the scriptures, God now states that in the near future He would call to those in the grave, and that our love ones would hear His voice, and stand up in life again. (John 5:28-29) Oh what a wonderful promise this is to hear or read about. In clear terms, God is giving us His personal guarantee that Earline Robinson, and billions of others will have their lives restored back to them. That they would be reunited back with their many family members and friends. So the question that each person is now confronted with is, do we have faith that this resurrection arrangement would take place? If our

faith is weak or we simply have trouble in seeing how this restoring of life will take place; you are not alone. God understands this, knowing that we have been seeing our love ones die right before our very eyes. So God takes the time to preserve nine accounts that speaks about the future resurrection. Yes they are to be view as a future preview of this grand arrangement to take place. Here is just one such example that is recorded at Acts 9:36-42. Yes may all get a chance to see how the verses apply to Earline, and many others who await their awakening from death. So please keep this promise of God near your hearts at all times. Remember that God has given us His personal promise. Yes it is impossible for God to lei. (Titus 1:2)

“*Sending prayers to the family. Please take comfort in the future promises ahead. “Do not be amazed at this, for the hour is coming in which all those in the memorial tombs will hear his voice and come out, those who did good things to a resurrection of life, and those who practiced vile things to a resurrection of judgment“ John 5:28,29*
