“ *I am Vertice, Uncle Bubba's niece, his middle sister's (Beulah Heardeman) daughter. It's unfortunate that his father's family (the Hardemans, sisters and nieces and nephew) didn't know he had passed. My last call to my uncle, was just prior to his passing and he never let on that he was ill. It hurts that no one reached out to his father's family to let us know. He had more family and I desperately tried to keep in touch with my uncle. Peace, blessings and a peaceful rest in our Saviour's bosom. Until we meet again. I love you Uncle.*
