“*Juanita was such a warm and loving person. She extremely gentle with a pleasant voice and smile. Just was always helpful and would go the extra mile to ensure all your questions no matter how little or big they may be. Juanita was more than a colleague I considered her a trusted friend. I will miss her dearly. The family will be in my thoughts and prayers. Barb Criswell*

“*I share the same sentiment as others who worked with Juanita. She was the most patient and caring person. She was dedicated to the service of others and very knowledgeable in her area of expertise. My most memorable moments were when I would help carry her purse and bags as she would come into the building on her walker. Lord knows we Federal Building ladies were notorious for our many bags coming into work! She was always pleasant and smiling. When I was learning my last job, she never let on that I was getting on her nerves by asking too many questions. She answered each one as if it was only the first. I will truly miss her. My only regret is that I never took the time to tell her that I really appreciated her. I guess I'll have to tell her later when I see her.*
