“ To the Holliday Family

I would like to take this time to express my condolences to the entire family. Our thoughts and prayers are with everyone during this hour of great sadness. Yes you have lost someone who was truly special. It is very clear that Lallie had traits that drew others to her. When she saw that others needed a helping hand, she was right there. For now death has taken that special person away from us. (1 Corinthians 15:26) We now have those fond memories to reflect back on. In all honesty, we rather have the real person back among the living. This is how we really feel. The truth of the matter is, God also wants us to have the real person back among their many family members and friends. So God has taken the time to reveal some wonderful promises that will bring blessings to His earthly family. The promises will also extend blessings to our departed love ones. First God tells us that He would soon rid the earth of all forms of sicknesses and death. (Revelation 21:3-4) Can you envision living at a time when no person or resident will ever get sick, grow old and die. Why even the aging process will be reversed, so that we become young again. Yes all the things that causes suffering and hindrance of life will no longer be. Oh how comforting these words should be to all grieving hearts. Yet God loving comfort continues. Now notice how God turns His attention to our departed love ones. He tells us that He would also call to those in the grave, and that the dead would hear His voice and stand up in life. (John 5:28-29) This promise is a personal guarantee from God that Lallie Holliday, and billions of others will stand up in life again. Does these promises sound too good to be true. Our Creator understand that many would have a lack of faith in these promises; after all they have been seeing people die everyday. So to help all to develop strong faith, God has preserved nine accounts in the bible that speaks about these future arrangement. Reading such accounts helps to soothe our grieving hearts until this arrangement take place. Here is just one such example recorded at Acts 9:36-42. I would now like to encourage all to take the time to see how the verses apply to those who are grieving over the lost of a love one. Notice how God restore their love ones lives back to them. The nine accounts serves as a

preview of the grand blessings to come. So please remember these promises from God. Remember that we have God's personal promise. Yes it is impossible for God to lie.(Titus 1:2)
