Tribute Wall

TJ

“ Gene, thank you so very much for being at the hospital at the birth of your granddaughter (LaToya) in 1979. I will ALWAYS remember how happy you were, when she was born. We all laughed at the toys you bought, and she loved playing ball with you as she got older. Rest In Paradise!! You are gone, but not forgotten. "We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord."
