“ It was a pleasure working with Dr.Briscoe on the Postpartum unit at JFL. The sound of his shoes coming through the doors and the whistling and cheerful smile will be missed. It was indeed a pleasure knowing you. RIP.

“ Dr. Warren Briscoe was my doctor, my mentor, my colleague and more importantly, my friend. He was always there to listen and to offer advice to help me through whatever crisis I was going through at the time. His passing has left me shocked and deeply saddened. Whenever I had snacks at work, he would always dive in and say “Flow (his nickname for me) this is for us right?”, and he would take half of whatever I was eating. It’s been my pleasure to have known Dr. Briscoe for over 18 years and I will miss him very much. I take comfort in knowing he is no longer suffering. I will hold on to all of the wonderful memories we shared and I will keep his memory alive. I’ll continue to make you proud Dr. B! May you continue to rest in eternal peace in God’s loving embrace.

“ Dr. Briscoe was such a great asset to women's health/OB care in the Virgin Islands community. I am grateful I chose him to be my OB when I got pregnant, and delivered my daughters. Also had the opportunity to work with his beautiful wife, an awesome pediatrician who cared for my daughters. Sending prayers for strength and comfort during this difficult time of grief to Dr. Trevena Moore, his children, and entire Briscoe family.
